the first to care

To Whom It May Concern

It gives me very real satisfaction to write this reference for Scientific & Technical Recruitment Ltd.

I have had the pleasure of working with this company in the recruitment and employment of my sales representatives and clerical staff over the last 18 months. Having used Scientific & Technical Recruitment previously in two other corporate environments, and finding their work exemplary, it made sense to re-employ them when the time came at St John Lifelink™ to expand our operation.

Their style, attitude and degree of attention to our needs could not be bettered. Our requirements were well heard and staff sought appropriate to those stated requirements with an alacrity which was gratifying. At all stages during the process of recruitment/employment information was shared, opinions offered but never forced and screening done efficiently and effectively.

I am delighted with work they have done for us. Post hiring care has been up to its normal high standard and I would not hesitate to recommend them (and have indeed done so) to anyone requiring not only staff but a very fast, efficient and user friendly service.

I am more than happy to offer personal contact should any discussion on the merits of this company be required verbally.

Yours sincerely

Maggie Calvert
Sales Manager – Lifelink™
